September 1999

From the President....

Thank you for your enthusiasm and attendance the past few meetings. Lions is about people, fun, and funds. We are people helping people. We are people who need to have fun while still raising funds for the less fortunate. While our primary mission is to help the blind and deaf, we must not forget that we reach out to help within the community at all levels.

During the balance of this year I want every member to know that they should feel free to call me as to anything they perceive to be wrong with our club. If they would like to see something in particular on the menu, or would require something special as to diet let me know. Ideas are also one of the best ways to get our club moving. Communicate them to me. We have a space on our program for new thoughts.

In closing this club will grow with everyone's positive outlook into the new millennium.

World Sight Day 1999 Update

World Sight Day 1999 will be celebrated on Thursday, October 14. For the first time in the history of service club organizations, the association will hold an on-line press conference hosted by International President James Ervin from a Lions SightFirst Eye Hospital in Nairobi, Kenya. All Lions are encouraged to participate in the web cast by viewing the conference on their personal computers at <http://www.lionsworldsightday.com/>. It's not too late for clubs to organize an activity in support of World Sight Day 1999. Activity guides are available by calling the Public Relations Department at Lions Clubs International Headquarters at 630-571-5466, ext. 358/363; by fax at 630-571-1685 or by e-mail at lionpr@worldnet.att.net.
